

Illinois Department of Public Health Emergency Medical Systems

Ambulance Inspection Form

Provider: _____ License#: _____

Garage Address: _____

VIN: _____ Level of Care: _____ Local ID: _____ EMS System# _____

Inspection Type: _____ Inspected By: _____

Inspection Date: _____ Inspection Status: _____ Action: _____

Patient Transport Equipment

- [1] Wheeled multi-level cot w/3 sets of straps+ over shoulder straps
- [2] 3-Point fastener for cot
- [3] Cot fits securely in fastener
- [4] Secondary stretcher w/3 sets of straps

Main On-Board Oxygen Equipment

- [5] Main (on-board) oxygen cylinder not empty
--- volume (psi): _____
- [6] Adult size non-rebreather oxygen mask (minimum 1)
- [7] Child size oxygen mask (minimum 1)
- [8] Infant size oxygen mask (minimum 1)
- [9] Adult size nasal cannulas (minimum 3)
- [10] Child size nasal cannulas (minimum 3)

Portable Oxygen Equipment

- [11] Portable oxygen cylinder: (minimum size 'D')
--volume (psi): _____
- [12] Dial flowmeter/regulator for 15 lpm
- [13] Full spare portable oxygen cylinder (minimum size 'D')
- [14] Quick-release, crash-stable mounting racket for portable oxygen cylinders
- [15] Adult size non-re-breather oxygen mask (minimum 1)
- [16] Child size oxygen mask (minimum 1)
- [17] Infant size oxygen mask (minimum 1)
- [18] Adult size nasal cannulas (minimum 1)
- [19] Child size nasal cannulas (minimum 1)

Suction and Airway Equipment

- [20] Onboard suction capable of obtaining 300 mmHg suction within 4 seconds of clamping tube
 - a) Vacuum level can be adjusted
 - b) Collection bottle holds 1000 ml
- [21] Two packages suction tubing capable of reaching second patient being transported on squad bench
- [22] Portable battery operated suction capable of obtaining 300 mmHg suction within 4 seconds of clamping tubing
 - a) Capable of charging from vehicle 12-volt DC/115-volt AC
 - OR
 - b) Operated from internal rechargeable battery
 - c) Operates for 20 continuous minutes (perform if battery sounds weak)
 - OR
 - d) Manually operated suction device (IDPH approved)
- [23] Sterile, single-use suction catheters, two each size: 6,8,10 12,14,16,18-french (with thumb suction control port)
- [24] Semi-rigid pharyngeal suction tips, with thumb suction control port, three (3)
- [25] Airway, oropharyngeal – adult, child and infant sizes 00-5)
- [26] Airway, nasopharyngeal, sizes 12-34 french
- [27] Lubricant for nasopharyngeal airways

Resuscitation Equipment

- [28] Adult size squeeze bag-valve-mask ventilation unit with transparent adult mask (minimum one)
- [29] Child size squeeze bag-valve-mask ventilation unit with child, infant and newborn transparent masks (minimum one)
- [30] CPR mask with safety valve to prevent backflow of expired air and secretions (minimum one)

Resuscitation Equipment (continued)

- [31] Automated External Defibrillator (AED) with Adult and Pediatric Capability
a) Adult AED Pads
b) Pediatric AED Pads
OR

- [32] Cardiac Monitor capable of defibrillation, with Adult and Pediatric Capability
a) Adult AED Pads
b) Pediatric AED Pads

Extrication/Immobilization/Splinting Equipment

- [33] Long spine board (72" x 16" minimum) with 3 sets of torso straps

- [34] Short spine board 32" x 16" minimum) with two (9-foot) torso Straps, one child strap and one head strap
OR

- [35] Vest type wrap around extrication device

- [36] Infant size rigid cervical collar (minimum one)

- [37] Child size rigid cervical collar (minimum one)

- [38] Small adult size rigid cervical collar (minimum one)

- [39] Medium adult size rigid cervical collar (minimum one)

- [40] Large adult size rigid cervical collar (minimum one)
OR

- [41] Rigid cervical collar adjustable to adult sizes (minimum one)

- [42] Rigid cervical collar adjustable to pediatric sizes (minimum one)

- [43] Traction splint, adult

- [44] Traction splint pediatric

- [45] Extremity splints, adult, 2 long

- [46] Extremity splints, adult, 2 short

- [47] Extremity splints, pediatric, 2 long

- [48] Extremity splints, pediatric, 2 short

- [49] Restraints, 2 pair (arm and leg) for 4-point restraint

- [50] Wrecking bar (24" minimum)

- [51] Goggles

Assessment Equipment

- [52] pulse oximeter with adult and pediatric capability/probes

- [53] Blood pressure cuff, large adult

- [54] Blood pressure cuff, adult

- [55] Blood pressure cuff, child

- [56] Blood pressure cuff, infant

- [57] Gauge(s) for blood pressure cuffs appropriately calibrated

- [58] Stethoscopes, two (2)

- [59] Flashlight, for patient assessment, minimum two (2)

- [60] Adequate lighting to allow patient assessment

- [61] Electric clock with sweep second hand

Medical Supplies

- [62] Trauma dressings (12" x 30"), Six (6)

- [63] Gauze pads 4" x 4"), sterile, Twenty (20)

- [64] Gauze, soft, self-adhering (4" x 5 yards), ten (10) rolls

- [65] Vaseline gauze (3" x 8"), Two (2)

- [66] Adhesive tape, two (2) rolls

- [67] Triangle bandages or slings, five (5)

- [68] Bandage shears (minimum 1)

- [69] Burn sheets (clean, individually wrapped), two (2)

- [70] Cold packs (3)

- [71] Obstetrical kit, sterile (minimum 1, pre-packaged with instruments and bulb syringe)

- [72] Thermal absorbent blanket and head cover OR aluminum foil OR appropriate heat reflective material (one per OB kit)

- [73] Sterile solution (normal saline) in plastic bottles or bags, 2000cc

- [74] Drinking water, 1 quart (may substitute 1000 cc sterile water)

- [75] Epinephrine, adult

- [76] Epinephrine, pediatric

- [77] Pediatric equipment/drug dosage sizing tape, current
OR

- [78] Pediatric equipment/drug age/weight chart

- [79] Pediatric trauma score reference

- [80] Emesis basin or bag (minimum 1)

- [81] Bedpan (one)

- [82] Urinal (one)

- [83] Child and infant car seats OR convertible car seat

Personal Protective Equipment (PPE)

- [84] Impermeable biohazard-labeled isolation bag, minimum 1

- [85] Nonporous disposable gloves

- [86] Face masks, minimum 1 per crew member

- [87] Eye protection (face shields or safety glasses/protective eyewear), minimum 1 per crew member

Linens

- [88] Pillows, minimum 2

- [89] Sheets, minimum 2

- [90] Blankets, minimum 2

- [91] Pillowcases, minimum 2
