NORTHWEST COMMUNITY EMS SYSTEM Advisory Board Openings Mid-year FACT SHEET 2015

PURPOSE

The Northwest Community EMS System Advisory Board exists to provide a forum for shared System governance. It fulfills a critical role in the System's strategic plan by reviewing existing policies and drafting recommended changes and proposing new policies. The Board also serves as the communities of interest (Advisory Committee) for the Paramedic Education Program in partnership with Harper College.

GOALS: Members provide thoughtful, non-partisan input to the EMS Medical Director that is considered when making decisions regarding System operations. They help to create policies that meet or exceed Federal, State, and Regional requirements for inclusion in the System's program plan.

MEMBERSHIP

Members and alternates represent the many disciplines that make up the Northwest Community EMS System including hospital administrators, physicians, hospital EMS Coordinators, Emergency Communications Registered Nurses (ECRNs); fire department chiefs, paramedic officers and non-officers, Provider EMS Coordinators, Private provider reps, EMS faculty, Emergency Medical Dispatchers, Law Enforcement personnel, elected officials and private citizens. The Board also includes representatives from each of the System standing committees including Education, Computer Aided Reporting System (CARS), Provider Based Performance Improvement (PBPI), and Research and Development (R&D). Ex Officio Board membership is expanded to include representatives from Harper College.

When policy language is being developed, members are asked to avoid the perception of personal bias by expressing the consensus position of, and/or anticipated impact on, their constituents. They may be asked to do random opinion surveys to gather the majority opinion prior to voting on controversial subjects.

TIME COMMITMENT/MEETINGS

The Board generally meets bi-monthly for about 2 hours. Meetings are usually held on the second Thursday of odd numbered months at 9:00 a.m. at Northwest Community Hospital unless special meetings are called.

ATTENDANCE/VOTING POLICIES

Members are expected to attend each meeting. If a member cannot be present, they are responsible for providing their alternate with reasonable notice so the alternate can attend. Alternates are encouraged to attend all meetings and to actively participate in all discussions, but may only vote if the member for which they hold a proxy is absent.

APPLICATION PROCESS

Complete the attached **Application** and forward it to the Resource Hospital EMS office. All are required to get an endorsement signature from their EMS Agency Chief/EMS CEO, nurse manager, or appropriate supervisor so their work schedule can be altered, if necessary, to attend meetings..

SELECTION AND APPROVAL OF MEMBERS

- 1. The Nominating Committee will review all applications and create a ballot. The Board will review and affirm the nominees for appointed positions.
- Existing Board members without a conflict of interest will consider and vote on applications received.
 Recommendations for appointment will take into account the applicant's qualifications, years of
 service, extent of System participation, geographical distribution of members and applicants, and the
 stated reasons for applying for Board membership.
