PCR Deletion & Run count for billing	@ 0908	Looking to start a scheduled task in Elite for PCR's that are non-valid or marked "delete please" We and met with some local reps up at Connect to move this process along. IT has already set up end of the year billing that would ignore training runs and any non-valid patient statuses. IT would also notify agencies when they would be doing these so preparations could be made to comply by a certain date.	Klein Klein Bill T

Connect 2025	@ 0927	Reports from Klein, Pacific and Sennett on the Connect Conference. Most of the discussion talked how IT was trying to do more with existing customers instead of trying to recruit new ones. Tending to user voice requests of at least one per cycle. This then led into NextGen Report Writer layout and usability which appears to be limited. The use of a mini connect could be beneficial for users that want to know more about	Sennett Klein
Defib Values	@ 0940	Defib electricity values were put back into the CPR Adult tool. It might have been removed thinking that everyone downloads from the monitor. LRPFD do not make it a habit of downloading from the monitor. CARS will reactivate Zoll energy selections upon completion of the meeting.	Klein Burnell
SAMC with HIH possibility	@ 0946	CARS will be waiting for future updates regarding this service. P. Dyer added that this was brought on by SFD as they were having billing issues with regards to SAMC & ABMC.	Klein Sennett
EMSMC	@ 1005	Briefly discussed EMSMC and some of the return from provider calls that were being sent back for correction in documentation. Some of these PCR do not need correction and it should be on billing to correct the criteria they using to filter these PCR's out.	Klein
Next Gen Report Writer	@ 1010	System admins as of now can only see this module	Sennett
Patrick Sennett Update	@ 1011	Patrick talked about Connect and it challenges IT is having with it
