

We will teach and practice bougie-assisted intubation (new skill). PM's are not expected to know how to perform bougie-assisted ETI prior to this class.

For class we need provider agencies to have available:

ETI manikin

Clock or watch w/ second hand

Manikin spray lubricant

BSI: gloves, goggle, mask

Rigid/Yankauer suction tip

Suction device w/ connecting tubing

OPA – sizes 6/110, 5/100, 4/90

NPA – sizes 34/8.5, 32/8, 30/7.5, 28/7

Tongue blade

BVM – adult

ECG monitor w/ electrodes & O2 sat sensor

Capnography sensor, in-line type

Laryngoscope handle & blades (size 3 - Mac & Miller)

ET tubes – sizes 7, 8, 9

Stylet

Towel/occipital padding

EDD

Stethoscope

10-12 mL syringe

ET tube holder

Soft suction catheter – sizes 14 & 18 fr

C-collar/lateral head immobilizer
