I have reviewed the guidelines for preceptors and agree to comply with them.
	5. I have a copy or have access to the current NWC EMSS SOPs, Policy Manual and Procedure manual. It is my responsibility to understand and perform in compliance with these documents when providing patient care and when providing direct oversight and mentoring of the student.
	<b>During the internship</b> 6. I understand that by law, a Paramedic student is considered to be an EMT and that all Advanced Life Support assessments and skills performed by the student must be done under my direct supervision or the supervision of another System-approved Preceptor to ensure patient and responder safety. 	8. I understand that I must meet with the designed Hospital EMSC/Educator for a minimum of two Phase meetings during the internship to discuss the student's progress in achieving the objectives for each Phase
	9. I further agree to ensure that the student is well-coached and prepared to discuss all calls and/or simulations completed; including the patient's history, significant assessment findings, all treatments rendered including medication profiles for EMS delivered and prescription drugs the patient is taking, interventions that were or should have been instituted per SOPs, the paramedic impression and the general pathophysiology of that disease or injury.
	10. I further agree to actively participate in the creation and execution of any Individual Education Plan that may be necessary to help the student succeed.
	11. I further understand that I must complete a summative final evaluation of the student's achievement of the objectives and make a determination as to whether it is my opinion based on direct evaluation that the student has demonstrated competency as a safe, entry level paramedic. These documents shall be submitted to the Hospital EMSC/Educator who facilitates the performance reviews at least one week in advance of the meetings.

**I affirm that the information attested to above is true and agree to comply with the above conditions and provisions and understand that any deviations from the stated preceptor expectations may result in the termination of my Preceptor status in the Northwest Community EMS System pending a review and communication with my Chief/Supervisor or his/her designee.**
