Month/Year:

*Instructions:* This log must be signed daily by two different PMs (one off-going and one on-coming) AND initialed whenever the CS inventory is changed after visually inspecting drugs to confirm that they are present, intact, within exp. dates, and in required quantities. If any alternate drug is added due a shortage, note on the log. If any drug is not present, the discrepancy must be reconciled immediately per System policy C6 Controlled Substances. Note the number present in that column. Begin a new Log on the first day of each month.
