RE: **EMS Field Preceptor classes – February 2025**

Serving as a paramedic field preceptor is one of the most important and professionally honored roles in our EMS System. They are critically influential in mentoring our students to become competent entry level paramedics and we are deeply grateful for their assistance and service.

Paramedic students are not authorized to perform any ALS intervention without a System-approved field preceptor directly observing and coaching their actions to ensure compliance with practice standards and patient safety. **No student may begin the field internship or perform any ALS skills in the field environment until they are released to start by the PM Program Director in writing.**

Field Preceptor eligibility requirements:

1. Paramedic/PHRN with time, tenure, and qualifications per System Preceptor policy (P1)- please note: a highly qualified applicant with <2 years' experience may be submitted with a request for early eligibility by the PEMSC with an explanation of their unique ability to be a preceptor | PLUS
2. Peer II, III or IV Educator - See policy P7 PEER EDUCATORS I-IV / IDPH Lead instructors

**Preceptor Applications and Agreements must be submitted every year.
Peer Educator status is approved for 4 years.**

Process Steps: Application submission and approval

1. ALL preceptor candidates shall complete the **2025 Preceptor Application** sections outlining teaching experience, qualifications and reasons they would like to be considered for a preceptor position + a signed **2025 Preceptor Agreement**.
2. Each must verify Peer II or above educator status in the NWC EMSS. **If not yet a Peer educator**, make application ASAP to Pamela Ross (pross@nch.org).
3. Submit Application & Agreement to your Agency Chief/EMS CEO for approval/signature.
4. Once signed: Forward the Application & Agreement to the hospital EMSC/educator assigned to your agency to validate qualifications and eligibility, and to approve and sign.
5. Once all signatures are attached: Submit Application & Agreement to Pam Ross by hard copy, fax (847-618-4489), or e-mail (pross@nch.org).

The **2025 Preceptor Application and Agreement** are attached to this memo and will be posted to the System website: www.nwcemss.org under the Education Tab/paramedic. **Due date: February 14, 2025**

2025 Field Preceptor Classes

Previously approved Field Preceptors that **attended the NWC EMSS Preceptor class in 2024** DO NOT need to attend the full class this year but are welcome to. They will only need a refresher on the internship process & forms.
